

Risk assessment

Activity: Covid-19 Academy General

Organisation name: RTITB – July 2021

What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom?	Action by when?	Done
<p>Risk of catching COVID-19/ Risk of spreading COVID-19</p>	<p>Sub-contractors, candidates, RTITB Academy Staff, RTITB staff</p>	<ol style="list-style-type: none"> 1. Building is cleaned regularly and disinfected throughout the day at high traffic touchpoints 2. All candidates only enter and leave the building via the main reception area 3. Antibacterial handgel is provided at reception for use before/after using the signing in/out tablet 4. Candidates complete the health questionnaire on arrival and instructor reviews responses to determine if candidate is allowed into building and on course. The candidate temperature is taken using the forehead thermometer (which is disinfected after each use using the wipes provided) and the temperature noted on the questionnaire. If a candidate has a temperature of 38 or higher they will be asked to leave. 5. Everyone will be requested to adhere to social distancing requirements (no closer than 2m to each other). 6. Desks in the lift truck classroom and Classroom 4 are 1m apart and screens should be used when over a 2:1 delivery ratio 	<p>No</p>	<p>Sub-contractors, candidates, RTITB employees</p> <p>Directors to monitor adherence to this risk assessment</p>	<p>Ongoing</p>	<p>13/07/21</p>

		<ol style="list-style-type: none"> 7. Everyone is monitored for symptoms (fever/dry persistent cough/loss of taste or smell). If symptoms are seen, the person in question will be asked to leave immediately and all others will be asked to take actions in line with current Public Health England guidance. 8. Everyone is required to wash their hands on arrival (for a minimum of 20 seconds), and regularly thereafter. Anyone not co-operating will be asked to leave immediately. 9. Hand shaking is prohibited. 10. Candidates remain in the reception area until their instructor meets them on the first day of the course. 11. Candidates are to follow the signage directions from the entrance to the refreshment area which has been set up in line with social distancing requirements of 2m and not sitting face to face 12. Candidates are given a personal bottle of handgel on the first day of the course which is for their sole use. 13. Training rooms are to be cleared of all unnecessary clutter and objects 14. Academy staff and candidates are not to travel to Access House using public transport.

		<p>15. Ventilation will be provided (doors/windows/roller shutter doors open etc.) wherever possible. It is important not to completely close windows and doors when the area is occupied as this can result in very low levels of ventilation.</p> <p>16. Classrooms with fans fitted to create air circulation should ensure the fans are used to improve air circulation. Re-circulation options in air conditioning units should not be used.</p> <p>17. Desk fans must only be used to improve circulation if windows are open to draw in fresh air.</p> <p>18. Academy staff/candidates are only to use the downstairs toilets located next to Training room 4 (the Gents and the disabled toilets), in the LT Warehouse and in the LGV Warehouse.</p> <p>19. Candidates not to share their equipment such as pens, staplers etc.</p> <p>20. Candidates are provided with disposable cups and bottles of water.</p> <p>21. Posters are displayed that encourage staying home when sick, cough and sneeze etiquette, how to use masks etc.</p> <p>22. Smoking areas are the benches outside of the main entrance with users sitting 2 metres apart</p>	<p>Ventilation will need to be continued during colder weather with doors, windows etc still partially opened to create airflow with additional heaters in place to keep candidates warm.</p>
